Situation Overview

- **California State of Emergency Proclamation**

On March 4, 2020, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the State prepare for broader spread of COVID-19.

- **Global Health Advisory**

On August 6, 2020, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on March 19, 2020, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov>.

- **Executive Order N-33-20**

On August 28, 2020, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **FEMA-4482-DR-CA**

On March 22, 2020, President Trump approved Major Declaration FEMA-4482-DR-CA (DR-4482) for the COVID-19 Pandemic.

Emergency Medical Services Authority (EMSA)

- EMSA, in collaboration with local, regional, and state partners, is working to open beds at the FMS located at Palomar Hospital in San Diego. The additional bed space will help to decompress hospitals in region 6, including Imperial County.
- In collaboration with our ESF-8 partners, EMSA continues to assist with the medical surge at Pioneers and El Centro hospitals in Imperial Valley.
- EMSA participates in the Technical Assistance Group that works with counties to assist with the medical surge occurring in those counties.
- EMSA, working with local partners, is establishing an oxygen depot in Orange County. The purpose is to maintain a large cache of oxygen tanks and have the ability to refill oxygen tanks using large concentrators to support hospitals.
- The Imperial Valley College ACS, Sleep Train ACS, Porterville ACS, and Fairview ACS are all currently accepting patients. The sites continue to work towards increasing capacity; this is limited by the staff and equipment available during this surge.
- Ventilator and medical equipment requests from operational areas are being filled and shipped daily, as the equipment is available.
- EMSA currently has five (5) CAL-MAT Skilled Nursing Facility Strike Teams to meet the needs of the COVID-19 surge throughout the state.
- EMSA is verifying medical licenses and processing out-of-state and out-of-country medical personnel as requested by hospitals and contract agencies so that they may assist in California.
- EMSA continues to work with federal partners to request additional federal medical personnel resources to assist throughout California.
